

ERIKS has specialized in sealing technology and logistics support for the semiconductor industry since 1985.

ERIKS continues to provide the highest performing, most technically advanced elastomers and engineering plastics for demanding applications.

ERIKS offers quality products, manufactured by many of the world's most respected names in the sealing technology.

We also maintain one of the largest seal inventories in North America to ensure responsive delivery.

## Services

- Vendor Managed Inventory / ERIKScan Programs
- Consignment Programs
- Aftermarket Support Programs and Kits
- Quality Certified Shipments
- Just-in-Time / Kanban
- Assembly / Subassembly
- EDI / Electronic Invoicing
- Bar Coding

## Products

- O-Rings / Q-Rings
- Inflatable Seals
- Gaskets & Sheet Stock
- Hollow-Core Seals
- Custom Molded Products
- Kalrez®, Viton®, Silicone, Fluorosilicone, EPDM, NBR

Sealing Products

- Etch & Clamp Rings
- Vacuum Tips
- Chip Nests & Sockets
- Test Fixtures
- PEEK, PBI, PPS, PTFE, PEI, PAI, PI

Plastic Products

- Rubber Metal Bonded Parts
- Rubber Plastic Composites
- Custom Bonded Components
- EMI-RFI and Conductive Materials
- Metal Sealing Components

Other Products

## About ERIKS

ERIKS Seals and Plastics is a leading technical resource for sealing products, engineered plastics and bearings required for demanding applications. We provide our customers with the unique combination of product and material expertise combined with efficient, customized logistics.

We offer a wide portfolio of sealing solutions from o-rings, custom molded elastomers, hydraulic seals, bearings, gaskets, spring energized seals and machined engineered plastic components. These products are supported by an in house materials and engineering team that provide technical services for our customers engineering departments. These products and technical services are then combined with efficient logistics programs customized to meet each customer unique needs.

### **ERIKS Seals & Plastics**
