

Technical services support from a global seal supplier means...

Knowledgeable

With a staff of degreed engineers and many of the most experienced technical specialists in the industry. ERIKS can offer reliable and knowledgeable recommendations and observations.

Responsive

Service is at the heart of our business! Our commitment to you is to provide quick and accurate information and products when you need them

Unbiased

ERIKS represents many of the world's most respected seal and polymer manufacturers. Because of this, we can provide an objective assessment of the features and benefits of available products to meet your needs.

Innovative

ERIKS global network of sealing specialists help ensure that our customers are kept up to date with the latest trends in sealing and product technology

Quality Assurance

Reliable products, which perform consistently day-in and day-out to demanding specifications is the goal of our quality assurance effort.
